SURS has been made aware of a spam messaging campaign that looks to have originated from one of our accounts ? security@surs.org [1]. Please be aware that these messages are not authentic. Our information security team has taken the necessary steps to remedy the situation. We apologize for any inconvenience this may have caused. This scam attempts to lure customers to a fraudulent website to input personal information and/or download virus infected programs.

SURS will never ask for personal or account information by email.

If you receive an email from security@surs.org [1], you should **DELETE IT IMMEDIATELY**.

This issue did not compromise SURS? member email list or any of SURS? member data.
